

**March 27, 2013 - Mini-auditório room**

## **Workshop on Nanobiotechnology**

**Laboratório de Síntese de Nanoestruturas e Interação com Biosistemas - NANOBIOSS**

**Instituto de Química – UNICAMP, Campinas, SP - Brazil**

**Prof. Oswaldo Luiz Alves**  
*State University of Campinas, Brazil*

**14:00 – 14:10 Opening**

**Prof. Mahendra Rai**  
*Sant Gadge Baba Amravati University, India*

**14:15 – 14:35 Green nanobiotechnology: Biosynthesis and nanoantimicrobials**

**Profa. Olga Rubilar**  
*Universidad de La Frontera, Temuco, Chile*

**14:40 – 15:00 Biosynthesis of Ag and Cu nanoparticles by white-rot fungi**

**Dr. Amauri Jardim de Paula**  
*State University of Campinas, Brazil*

**15:05 – 15:25 Selective interactions of porous nanocarriers in biological fluids**

**15:30 – 16:00 Coffee Break**

**Dr. Diego Stéfani Teodoro Martinez**  
*State University of Campinas, Brazil*

**16:00 – 16:20 Interfacing nanomaterials with cells: impacts of protein corona and cell vision**

**Prof. Guillermo Raul Castro**  
*Universidad Nacional de la Plata, Argentina*

**16:25 – 16:45 Development of nanostructured hybrid biomaterials for drug delivery**

**Profa. Priscyla Daniely Marcato**  
*University of São Paulo, Brazil*

**16:50 – 17:10 Nanotechnology and New strategies for bladder cancer therapy**

**Prof. Wagner Fávaro**  
*State University of Campinas, Brazil*

**17:15 – 17:35 Urogenital Carcinogenesis: Urogenital and Immunotherapy**

**Prof. Nelson Durán**  
*State University of Campinas, Brazil*

**17:40 – 18:00 Final remarks**
